Report of the Executive Council

In presenting its Eighteenth Annual Report, the Council, while not being able to report anything in original research, endeavors to maintain a steady grasp of the objects of the Society, by its regular monthly meetings, at which considerable business in the interests of the Society is transacted.

It regrets the want of heartier co-operation by the public, and a lack of interest by its own members in the City, as it sometimes happens that nothing is done for want of a quorum. When it is remembered that all our members are busy men, love for the cause must be very constraining.

Nevertheless there were eight effectual meetings held by the Council during the year, and two open meetings to the public—one on the 21st April, when a short paper entitled "Farm Life in the Selkirk Colony" was read by Rev. R. G. MacBeth, which has subsequently been published by the author through Wm. Briggs, of Toronto. This transaction should have accompanied the report for this year, but it was included in the year 1896, as it was got ready together with the report for that year.

At the other open meeting held on the 13th January, 1898, Rev. Mr. Burman read an instructive paper on "Notes on Land Birds Observed in Winnipeg and Its Vicinity." This paper will, after some enlargement, probably be printed as a transaction of the Society later on.

The Council has determined to consider the importance of collecting ethnological and ethnographical materials, and of conserving the otherwise rapidly disappearing remains of Indian Languages, etc ; and has now a working committee to further this end as a branch of this Society, and hopes that

friends outside will help in directing attention to, if not in actually participating in collecting such materials.

The Society mourns the death of Mr. John MacBeth, a Past-President of the Society, and of Alexander Begg, one of its earliest supporters before the Society was incorporated in 1879. Obituary notices of both these gentlemen will be found in the Report.

Five additional names have been added to the list of Active Members for the year. With the great convenience for reading and cosy corners for study, the Council hopes that its Library will be better patronized, and its resources more appreciated by its members and friends.

MR. JOHN MACBETH.

The Society desires to put on record its regret at the death of Mr. J. MacBeth at a comparatively early age. He was a native of the parish of Kildonan, received his education in its schools and in St. John's and Manitoba Colleges, and became in many ways a representative of the historic parish.

For some time he sat in the Legislature as member for Kildonan, and took an active part in public affairs. As President of this Society, Mr. MacBeth signalized his term of office by close attention to his duties, and contributed a most interesting paper to the Archives of the Society on the social life of his native parish.

Of a kindly and unselfish disposition, our Past-President was a general favorite, and the Society would express to his widow and other friends its appreciation of the departed, and sympathy for them in their great loss.

MR. ALEXANDER BEGG

On the 6th of September last, 1897, the late Alexander Begg, died at Victoria, B.C., in the 58th year of his age. He was a native of the City of Quebec, having been born there on the 19th of July, 1840. He received a good education, partly at Aberdeen, Scotland, and partly at St. Johns, Quebec. He came to the Red River Settlement in 1867, and enjoyed the distinction of being the first to make known to the people of the older provinces the possibilities of trade that exists in the North-West, and of opening up regular commercial intercourse between the eastern and western parts of the Dominion. In 1896 he entered into partnership with the late Hon. A. G. Bannatyne. From this business he retired soon after, and took up newspaper and literary work, in which he had already won some success as the author of a novel and a drama. In 1872 he started the "Trade Review," which afterwards grew into the "Gazette and Trade Review." He was in 1874 editor of the "Daily Nor-Wester," which became the organ of the Davis government. In 1877 he began the "Daily Herald," a Conservative journal which had only a brief existence. He was appointed Deputy-Provincial Treasurer in the Government of the Hon. John Norquay in 1878, and occupied this position for the next six years. In the same year he took an active part in the formation of our Historical and Scientific Society, and was our first Recording-Secretary. He was the Commissioner for Manitoba to the Dominion Exhibition in 1879, and conducted the Manitoba exhibits through Ontario, Quebec and the Maritime Provinces, in that and the following year. After this he was sent to Great Britain, as general Immigration Agent for the Canadian Pacific Railway, a position which he held for several years with great advantage to this province. He was elected a F.S.S., and in 1886 he read a paper on Canada before the Society of Arts. He wrote a number of important works connected with the history of this part of the Dominion. He is the author of "Dot it Down," "The Creation of Manitoba,"

596

1839

1869

1879

"Ten Years in Winnipeg," "Seventeen Years in the North-West," "Our National Highway," "The Great Canadian North-West," and "The History of the North-West," in three volumes. He is the author also, of many valuable pamphlets on immigration and other subjects. He was an indefatigable worker. His life was one of restless activity devoted chiefly to efforts intended to promote the interests of his country, rather than for his personal benefit. The last few years of his life were spent in British Columbia, where he was editor of the "British Columbia Mining Record." The news of his comparatively early death was a great shock to many of the people of this city who knew him as a friend, and esteemed him for the many sterling qualities of his character.

G. W. WINCKLER,

Recording Secretary.

Report of Library Committee

Your Library Committee begs to report that considerable additions have been made during the year to the Society's collection of Reference and North-West works. In the Reference Department, the principal additions have been the "Library of the World's Best Literature," of which the first 20 volumes have been received, and 87 volumes of the London periodical "Punch." In the North-West Department, this has been a productive year among authors in our own country. Of historical works, we have had Rev. R. G. MacBeth's "Selkirk Settlers," a part of which was first made public through this Society; Rev. Geo. Young's "Manitoba Memories," Mr. J. W. Tyrrell's "Across the Sub-Artics of Canada," Rev. Canon Newton's "Twenty Years on the Saskatchewan"; and in another department Rev. E. R. Young's "Three Boys in the Wild North Land," and Mrs. Beynon's "Saints, Sinners and Queer People."

Besides these, a considerable number of other new works, bearing directly or indirectly on this country have been purchased, and also several out-of-print books for which the Committee has been on the look-out for years.

Mrs. Darby, who rendered efficient service in the work of cataloguing, severed her connection with the Library soon after the last annual meeting. Her place was left vacant till a few weeks ago, when the services of Mrs. P. S. Livingston were secured. She is now engaged in bringing the work of cataloguing up-to-date, in completing the work of arranging the books and in preparing a number of pamphlets and periodicals for binding.

The Societies and Institutions hitherto on our list of Exchanges have continued to send us their publications, and have thereby added greatly to the interest and value of the Reading Room and Reference Library.

All of which is respectfully submitted.

ANDREW B. BAIRD,

Winnipeg, February 5, 1895.

Chairman.

Report of Joint Library Committee

During the past year the City Library has been conducted with something of the regularity of a settled institution. It has now become one of the necessary things in our city life, and its success is assured. The large number of 1581 tickets have been issued during the year.

The issue of books has been as follows (closed in January for 12 days) :

Fiction	28,666
General Works	3
Philosophy	279
Religion	222
Sociology	292
Philology	12
Natural Science	575
Useful Arts	152
Fine Arts	199
Literature	599
History, General	862
Geography and Travels	433
Biography	528
Magazines	1,318
Total	34,140

The new arrangement of the Library has worked well, and the catalogue is quite convenient. The Isbister Library, which belongs to the University, needs a new catalogue, and this library is very useful for College and Normal School pupils.

The contract for the magazines and periodicals has been again awarded by tender, Mr. A. Taylor being the successful tenderer. The contract for new books has been given to Mr. W. D. Russell on very reasonable terms. The magazines and periodicals purchased were 69 in number, costing \$249.40.

During the year the Board gave permission to use certain copies of the Art Journals received by this Society, as models in the City Public Schools. The newspapers and periodicals received as exchanges by the Historical Society, amounting to \$250, are at the disposal of the City Library. The local newspapers from the whole Northwest and British Columbia afford great facilities for obtaining news from all parts of our western country.

A number of important books have been added to the Library. The number purchased during the year were 315 at a cost of \$601.29. This includes \$75 for re-binding.

The large amount of work to be done in the Library needs an increase of staff. During the first part of the year a third Librarian was employed. The City Council was urgently requested to allow an extra grant of \$250, but could not see its way to this. In consequence, the Board had no option but to dispense with the services of the third Librarian. In this way there is possibly some delay in serving applicants as promptly as might be desirable. For this the Board cannot be held responsible.

The Historical Society is requested again to appoint two representatives for the current year.

All of which is respectfully submitted.

GEORGE BRYCE,
Chairman.
